

Unity in the Heart of Austin Declaration of Unity

Unity in the Heart of Austin is a loving and accepting spiritual community. We are inclusive and embrace all who come to us. We affirm with open hearts a warm and welcoming environment for individuals of every faith background, race, culture, nationality, gender, gender identity, sexual orientation, age, and ability.

Unity in the Heart of Austin is committed to the full participation of all people in our spiritual community, as well as society at large. We encourage and support one another in our individual spiritual journeys. We are committed to the absolute equality of people in all areas of spiritual life and honor the Christ consciousness within all individuals.

Unity in the Heart of Austin affirms that all faiths are woven from the same thread of Truth, with many unique expressions. We honor, respect and appreciate every one of them. We affirm in the name of the Creator and Source of all, that Unity in the Heart of Austin welcomes fully and completely all who enter.
